**Star Code of Behaviour
(Explanatory Booklet 1st-6th Class)**

S.T.A.R. Code of Conduct

St. Ronan's is here to enable children, parents and teachers to work together in a secure environment where children can enjoy learning and achieve their full potential so they are ready for life and become confident, competent, responsible and happy members of their community.

Now, more than ever safety is of utmost importance.

Our school has a long tradition of parents and teachers working together for the good of the children. Our STAR code of behaviour is another stage in this process.

The system is based on a positive approach to discipline. Children are rewarded for being well behaved. We want them to "reach for the stars". This puts the spotlight on good effort and behaviour and removes it from negative behaviour.

The rules and sanctions are printed and displayed in every classroom. They are based on the code of behaviour worked out by the working committee of parents and teachers.

The emphasis is on the positive. Children can earn up to three stars a day to fill their bronze, silver and gold booklets.

When rules are broken, children are penalised. The penalties are known as sanctions. There are five steps in the sanctions process which are outlined later.

Our belief is that by rewarding good behaviour and effort, a more positive learning atmosphere will be created. School will be a happier and more productive experience for our children. We can all work together to achieve the aims set out above.
